1	HL 551	Professional Telephone set (2 x Headsets. 2 adapters)
1	HL 2-35	Photocell with transmitter and receiver separated (E+R) cable and transport case (distance 80m)
1	HL 4-3	2 supports for Photocell HL 2-35
1	HL 553	Impulse distributor with optocoupler
2	SMS 200	Microsplit stopwatch with split on time-of-day for manual timing

Standard ski installation allowing for the timekeeping of a ski race.

Thanks to the Chronoprinter 705 and to its double keyboard and LCD (start and finish) , the timekeeping is very easy.

Possibility to print the ranking of a run or several added runs on the timing sleeve of the Chronoprinter 705. This device even allows for the printing of rankings by category !

If necessary the download of the CP705 memory in the PC allows for the printing of official results, thanks to our SKI or Msports software.

The voice communication is carried out on the same line as the timekeeping, thanks to our professional telephone set HL551. This product allows for a perfect communication quality and isolation which will help the timekeeper to be concentrated on his job.

Thanks to our optocoupler HL553, your timing wires will be isolated et protected from any electronic interference. An additional security that we advise you to take.
